

A photograph of a restaurant interior, likely a formal dining room. The room features dark wood paneling on the walls and a large, ornate mirror. Several tables are set with white tablecloths, glassware, and small floral centerpieces. A bar area is visible in the background. The text "Chills Restaurant Group" is overlaid in large white letters, and "Q1 2026 Sales Performance & Strategic Analysis" is overlaid in smaller white letters below it. A red horizontal line is positioned above the main title.

Chills Restaurant Group

Q1 2026 Sales Performance & Strategic Analysis

PROJECT OVERVIEW

Analyzing Q1 Performance

Chills Restaurant Group operates four primary branches in Nigerian hubs: **Lekki, Ikeja, Abuja, and Victoria Island.**

This report reviews **458 orders** from Q1 2026, translating raw datasets into strategic insights.

Analysis covers revenue, menu popularity, branch discounting, and staff efficiency to guide Q2 adjustments.

THE BUSINESS CHALLENGE

Data Quality

Raw sales records were inconsistent and fragmented, hindering executive visibility.

Margin Pressure

Identifying why some branches underperform in profit despite significant revenue.

Menu Optimization

Need to differentiate high-volume dishes from high-margin contributors.

STRATEGIC OBJECTIVES

Standardization

Implement a unified reporting structure across all 4 branches to ensure data integrity.

Performance Mapping

Deep-dive into Revenue vs. Profit trends to identify the "Golden Quarter" months.

Operational ROI

Evaluate branch-level discounting strategies to protect the bottom line.

Menu Refinement

Use dish-level sales data to drive high-margin inventory decisions.

Financial Insights

Q1 2026 PERFORMANCE
METRICS

Q1 EXECUTIVE SUMMARY

Total Revenue (₦)

4.47M

Total Profit (₦)

919K

Profit Margin

20.6%

Metric Definition: Profit Margin = (Net Profit / Total Revenue) × 100

The group served a total of 458 orders with an average discount of 5.6%.

REVENUE GROWTH TREND

Key Insight

Explosive growth observed after January. March peaked at ₦1.9M, representing a 137% increase from the start of the quarter.

REVENUE BY MENU CATEGORY

Main Course: 57%

The highest revenue contributor across all branches.

Starters: 28%

Significant growth potential identified in Victoria Island.

Beverages: 15%

Steady performance supporting the primary dining experience.

The **Main Course** continues to be the primary anchor, contributing over half of the total revenue pool.

BRANCH PERFORMANCE COMPARISON

Lekki

FLAGSHIP

Consistently the highest performer in the group.

Ikeja

STABLE

Maintaining steady volume with loyal customer base.

Abuja

REGIONAL HUB

Focusing on corporate dinner events and group sales.

VI

GROWTH POTENTIAL

Strong outlook for high-margin starter sales expansion.

Branch Ranking Insight

Lekki remains the flagship branch. However, Victoria Island shows potential for growth through high-margin starter sales.

CHILLS RESTAURANT PERFORMANCE ANALYSIS (Q1 2026)

MENU PERFORMANCE: TOP SELLERS

01	Spaghetti Bolognese	REVENUE (₦) 325,000
02	Seafood Pasta	REVENUE (₦) 300,000
03	Grilled Tilapia	REVENUE (₦) 287,000
04	Soya Platter	REVENUE (₦) 280,000
05	Ofe Onugbu	REVENUE (₦) 237,000

Strategic Recommendations

💎 Discount Optimization

Lekki has the highest discount rate (7.75%). We recommend a 2% reduction to boost profit without affecting volume.

🍷 Beverage Push

Beverages account for only 15% of revenue. Upselling drinks with Main Courses can significantly improve the 20.6% margin.

🏆 Staff Incentives

Top performers like Emeka S. (>850K) should be rewarded to maintain high service standards and revenue consistency.

CONCLUSION & NEXT STEPS

Q1 2026 Executive Summary

- 📈 Q1 2026 was a period of strong recovery and growth, with revenue exceeding **₦4.4M**.
- 🔗 By focusing on Lekki's profitability and group-wide beverage upselling, we can target a **25% margin** for Q2.
